

Call for Advanced-Intensive Course Proposal
Algerian Sci-Tech Winter University
25-28 December, 2022
University of Tamanrasset, Algeria

We invite all the Algerian Sci-Tech Scholars & Competences, professionals and researchers living abroad and who will be in Algeria in this period to join us and give young researchers intensive courses in their respective specialties.

The hotel expenses and air tickets from Algiers to Tamanrasset will be covered for those who want to participate.

Research Sci-Tech Winter University Objectives:

- Teach intensive courses on the selected science and technology themes
- Coach the trainees in their specific fields to enable them accelerating their research work and maximize scientific outcomes
- Review the trainees research projects and guide them on how best to achieve the aims and objectives of their projects
- Connect trainees with their counterparts at the different research institutions and universities worldwide for future collaborations

Courses

The course need to be advanced and intensive in common Science & Technology research areas: ICT, Renewable Energy, Robotics, Engineering, Medicine, Biotechnology, Nanotechnology, Biomedical etc. Also, we accept courses in related themes e.g. research management, leadership, patenting, publishing, networking.

Those interested to participate, please send us by no later than
10 November 2022, the following:

1. Course Title
2. Course field/theme:
3. Course Description: Half page minimum
4. Course duration: 1, 2,3,4 days
5. Target audience
6. Your CV
7. Your Biography (half page max)
8. Photo

Deadline to send your proposition is 10 November 2022

We look forward to receive your proposition and be with us in this noble activity to give back to Algeria.

Please email your proposal to admin@algeriansca-dz.org
